

# Ōpunakē Loop Trail

The Ōpunakē Walkway is the longest of the formal South Taranaki walks and takes you beside the Ōpunakē Lake, across the clifftops, providing coastal vistas before offering country views and rural scenery.

Suitable for walkers with low-medium fitness, the trail has a variable terrain of grass, footpaths and gravel pathways and is hilly in places. The round trip is approximately 7 kilometres and will take 2½-3 hours. You can start at any point on the trail, although popular starting points are Lion's Lookout (7), at the Secret Garden (8) or at the lake (10). Cyclists can expect a ride at a 2-3 grade.
